

Providers Doing Autism Spectrum Disorder (ASD) Evaluations

UR Medicine: Developmental and Behavioral Pediatric Levine Autism Clinic (formerly known as Kirsch Developmental Clinic)

200 East River Road, 3rd Floor
Rochester, NY 14623
Phone: 585-275-2986

We provide comprehensive and coordinated care to children with autism spectrum disorder (ASD). Our team of experts monitors developmental progress, treats health problems associated with ASD, assesses and treats behavior problems, and ensures that families have needed resources and connection to community supports.

We are an Autism Speaks - Autism Treatment Network site. This means we use a standard protocol for diagnosis and pay special attention to the health and behavioral difficulties experienced with ASD.

We provide careful evaluation based on the national standard of care for children suspected of having ASD. This includes:

- Review of Early Intervention or educational testing
- Review of medical history
- Observations from the school or therapy team
- Caregiver interview
- Standardized testing of the child using the Autism Diagnostic Observation Schedule and other measures

After evaluation, we provide feedback to the family and a written report to the family and primary care provider that can be shared with others who are involved in the child's care.

Rochester General Hospital: Developmental and Behavioral Pediatrics Program

Wilson Health Center
800 Carter Street
Rochester, NY 14621
Phone: 585-922-4698

At Rochester Regional Health's Developmental and Behavioral Pediatrics Program, we offer comprehensive assessments and treatment for children and adolescents who are experiencing developmental or behavioral concerns. We understand the unique needs of the families that we work with and are here for you as a resource and guide as we treat your child's developmental or behavioral disorder. Our team offers the following evaluation services:

- Developmental evaluations
- Medication consultations
- Psychological consultations
- Psychoeducation evaluations

ARC of Monroe (OPWDD)

Matt Fico, Community Outreach Coordinator
2060 Brighton-Henrietta Townline Road
Rochester, NY 14623
Phone: 585-672-2222
Email: mfico@arcmonroe.org

www.arcmonroe.org

In order for The Arc of Monroe to be able to administer the ADOS test we first need to have an approval letter and referral sent, to our Article 16 Clinic, by The Office for People with Developmental Disabilities (OPWDD). *Please note that The Arc of Monroe is only able to administer tests for people seeking eligibility through OPWDD*. If patient already has OPWDD Eligibility and a Care Coordinator, please reach out to them so that they can send a request to OPWDD and specifically ask for The Arc of Monroe as the preferred testing site.

Website: <https://meghan-l-fox-psyd.business.site/>

I offer a variety of psychological services including but not limited to:

- Psychological testing (Gifted, ADHD, Learning Disabilities, Autism, etc.)

Fluent in American Sign Language (ASL). I have expertise in working with deaf & hard of hearing (D/HH) persons & families including children, adolescents, adults, & hearing family members.

Happiness House

781 Pre-Emption Road
Geneva, NY 14456
Phone: 315-789-6828

Grant funded through OPWDD/FSS and county/school districts. They specialize in testing children ages 1-5. (They have in the past seen primary school aged children). The child needs to have a developmental evaluation completed through EI or CSE before an intake appointment can occur. Uses ADOS-2, GARS, CARS and can complete an adaptive assessment.

Bryan R. Harrison, PhD

610 Pittsford Victor Rd
